

The Dallas Campus of The Chicago School of Professional Psychology, located in Richardson, Texas, seeks an assistant/associate professor to join our exciting and innovative Department of Applied Behavior Analysis (ABA) for Spring 2022. We train masters and doctoral-level professionals by providing the highest quality training in ABA, EAB, Organizational Behavior Management (OBM), and radical behaviorism.

Ideal applicants will demonstrate innovation; commitment to community engagement; proven skills in graduate-level teaching; commitment to scholarship and service; dedication to preparing excellent future ABA professionals, and substantial ABA service delivery experience.

Principal Duties:

- Teach students at a graduate level in topics related to OBM, Basic, and Applied Behavior Analysis in fully onground and blended modalities
- Contribute to curriculum design and departmental development
- Monitor student learning outcomes and progress
- Provide academic advisement and field supervision to ABA students
- Prepare students to pass the BCBA® Exam and to work as independent professionals
- Chair and act as reader on thesis and dissertation committees
- Interact and communicate successfully with a diverse population
- Act in a way that embodies the mission, vision, and values of The Chicago School
- Adhere to all confidentiality requirements
- Perform other duties as assigned by department chair

Essential Knowledge, Skills, and Abilities:

- Maintains a professional appearance and acts in respectful and ethical manner.
- Possesses the ability to remain calm and make decisions under pressure
- Strong time management skills
- Possesses the ability to manage multiple projects with multiple deadlines while meeting or exceeding expectations
- Able to develop constructive and cooperative working relationships with others.
- Works well with others
- Thinks critically to identify the strengths and weaknesses of alternative solutions, conclusions, or approaches to problems.
- Communicates ideas and information effectively in both vocal and written form
- Possesses the ability to adapt to changing circumstances, needs, and demands
- Maintains knowledge of local and national training, credentialing, and licensing requirements
- Understands and has the ability to navigate multiple levels of program hierarchies
- Possesses computer proficiency in MS Office and online learning platforms

Position Qualifications:

- Must have current BCBA
- Must have doctoral degree
- Expertise across multiple ABA areas and skills, such as OBM, verbal behavior, social justice, and clinical behavior analysis (e.g., Acceptance and Commitment Therapy).

To apply for this position please submit an application to be considered.
