About Dr. Gerardo Mireles:

Mireles Autism and Behavioral Center was founded by Dr. Mireles, a Licensed Psychologist and LSSP, from the Rio Grande Valley who wanted to bring evidence based treatment with a bilingual, bi-cultural perspective to the Valley.

After studying across different settings, including Boston Children's Hospital, Texas Children's Hospital and Houston ISD, he elected to return home and build a strong team of ABA health providers to address the specific needs of children and families from the RGV.
