Therapy For Life's Department of Behavior Analysis is looking for a special BCBA to join our multidisciplinary evaluation & treatment team of behavior analysts, speech pathologists, and occupational therapists. We are a multi-professional, outpatient, pediatric setting.

New graduated BCBAs are warmly welcomed!

Therapy For Life proudly stands as Houston's first and only "MATCH" program where children from all over Texas with varied special needs receive evaluations and treatment by our multi-professional team of experts. Therapy For Life uses the whole-child approach to pediatric patient care and team collaboration. We are also a proud leader recognized for our post-graduate teaching program and contractual affiliations with many local universities.

Therapy For Life provides a preparatory preschool touch to ABA, speech, and occupational therapies.

Housed in a preschool setting where each BCBA has their own classroom, the BCBA is actively involved in functional assessment, development of positive behavior support plans, and consultation, data collection and analysis, caregiver training and support, and overall maintenance of behavioral assessment and treatment protocols.
